LIBRARY OF THE UNIVERSITY OF CALIFORNIA

THE BOSTON BOOK COMPANY'S
CHECK LIST
AND WHAT IT COVERS.

This check-list covers every periodical in POOLE'S INDEX, its three supplements, and the ANNUAL LITERARY INDEXES to date. Also every title in the CUMULATIVE INDEX and most of those in the REVIEW OF REVIEWS ANNUAL INDEX TO PERIODICALS, as well as nearly all periodicals referred to in the CONTENTS-SUBJECT INDEX now in course of publication by the West Ham Public Libraries, London. It also includes the one hundred and thirty-four general periodical sets indexed in Jones' INDEX TO LEGAL PERIODICALS and the supplement (1899); and many other titles not as yet in any of the existing indexes.

In giving years, the date of the first and last number is used without regard to the imprint on the title page. This will cause the date of many sets to vary a year from Poole's Index Conspectus which follows imprint only.

In the case of current periodicals (marked +), the end volume is the last that will be fully completed in the year 1899, no account being taken of volumes which will not end until January, 1900 or after.

The "Poole" abbreviations are given and all "Poole" volumes have been placed in the alphabet where Poole's Index calls for them, with cross references from all other titles they may have had. Where several series have been issued the "Poole" volume numbers are in every case added. Thus sets wrongly lettered can easily be made available for use. "Poole" titles are in **black type**. Sets all or partially covered by the "Review of Reviews Annual Index" have an asterisk (*) before the running numbers which have been given all sets for convenience of reference.
